AFRICAN RANGER ROLL OF HONOUR 2018

On World Ranger Day, we remember our 70 colleagues who have died since 31st July 2017 having served Africa's wildlife and wild places with distinction. 63 of these deaths have been due to work related causes. The African rangers' whose deaths are not reported at present are represented by the Unknown African Ranger. It is thought these figures are substantially higher due to lack of reporting.
